

## Registration Form of First Grid@Asia Workshop

Ru Xin Convention Center, Beihang University, 37 Xue Yuan Road, Haidian District, Beijing 100083, China.

21-23 June 2005

- Options:**
1. Grid Foundations: Architecture, design and development of technologies and systems for building the invisible Grid.
  2. Grid-enabled applications and services for business and society: Research, development, validation and take-up of generic environments and tools.
  3. Network-centric Grid operating systems: Research and development on new or enhanced fabrics for future distributed systems and services.
